**Attachments:**

---

**Recall Notice****Date**

---

January 18, 2011

---

**Product Name**

---

Line Voltage Thermostats by UPM and Noma

---

**Full Product Description**

---

This recall involves line voltage thermostats sold under the following brand names and model numbers:

- UPM models: HTM611A and HTM621
- Noma models: HTM611A (52-2544-0) and HTM621 (52-2545-8).

Only thermostats that were manufactured in 2008 and have serial number starting with "08" are included in this recall.

---

**Hazard Identified**

---

The unit may overheat and emit smoke, especially when the load has exceeded the specified maximum rating.

The company has received 10 reports of minor smoke/soot damage to the wall surface. However, no injuries have been reported.

Health Canada has not any received reports of incidents or injuries related to the use of these Thermostats.

---

**Corrective Action**

---

---

**If consumers have purchased or installed these products within the specified time frame, they should contact UPM Marketing Inc. to receive information on how to check the serial number. If the unit has a serial number starting with "08", then UPM Marketing will provide consumers with a free upgrade unit.**

For more information, consumers may contact Customer Support at UPM Marketing Inc. at 1-888-468-6876 or by e-mail at [info@upm-marketing.com](mailto:info@upm-marketing.com).

Consumers may also view the recall notice on the Electrical Safety Authority's (ESA) [website](#).

---
