The Ontario Clean Energy Benefit (OCEB)

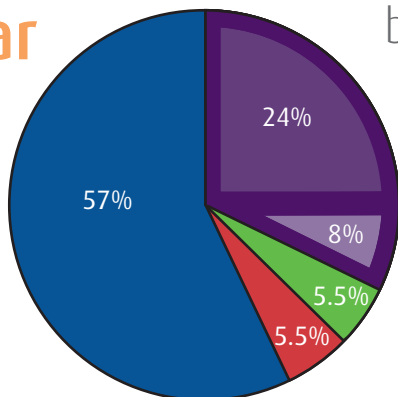

The Ontario Government has taken 10% off your electricity bill to help you with the cost of building a clean energy future.

The Ontario Government has announced the Ontario Clean Energy Benefit which will provide customers with a 10 percent rebate on the total cost of electricity charges related to electricity consumption on their bills including HST. This benefit will be effective with electricity consumed starting January 1, 2011. This rebate will be in effect for five years until December 31, 2015.

Where does your dollar go?

Halton Hills Hydro's charges account for 24% of the total bill.

The **Delivery** portion of your bill includes charges from Hydro One for transmission (8%) as well as the Distribution charges from Halton Hills Hydro.
