

On January 1, 2017, your electricity costs went down 8%.

Ontario's government is reducing electricity costs by rebating an amount equal to the provincial portion of the HST on your monthly hydro bill. That's an 8% rebate for Ontario families, and on average will mean \$130 more in your pocket each year.

This is part of Ontario's plan to help people with the costs of everyday living by reducing electricity costs. Across Ontario, about five million residential consumers, farms, and small businesses will benefit from this rebate.

Halton Hills Hydro Inc. will implement these savings for electricity consumed after January 1, 2017. The rebate will appear as a new line item on your bill called 8% Provincial Rebate. For more information about eligibility, please visit [haltonhillshydro.com/index.php/business/rebates](http://haltonhillshydro.com/index.php/business/rebates)

# NEW ONTARIO ELECTRICITY SUPPORT PROGRAM

The Ontario Electricity Support Program helps reduce electricity bills for low-income households with a monthly on-bill credit.

The amount of the credit will depend on how many people live in your house and your combined household income. Find out if you are eligible and how to apply.
